Dear Richard:

We got back from Australia last night and words can't describe how happy we are with the boat and our decision to go to Coomera to see our new Riviera 47G2 and try it out. No one would believe your level of customer service until they actually experience all the things you did to make our trip fantastic. You went so far beyond our expectations to prepare the boat and show us a good time that we can't thank you enough. We would have never known how much we would have missed if we did not go, but thank goodness we did. Going on a trip to Australia is one thing, but being on our own boat and fishing in the Coral Sea was a very unique experience. As boaters, we all know the scenery is different from the water so we were able to take advantage of that perspective of a beautiful country on our own boat. We will treasure this experience forever.

If people knew what we now know, they would not buy a boat from anyone else.

Thank you. Thank you. Thank you.

Sincerely,
